

The NCAA Division II Wrestling Hall of Fame inducted five new members at the NCAA Division II championship tournament in Wheeling, W.Va. From left are West Liberty State College head coach Dr. Vince Monseu; University of Pittsburgh-Johnstown head coach Pat Pecora; former California (Pa.) University wrestler Ken Hackman; former Ashland University wrestler Jeff Esmont; and USA Wrestling president Stan Dziedzic, a former Slippery Rock University wrestler.

dict thanks to a stalling point whistled against Olson midway through the second period.

San Francisco State's Mauricio Wright battled South Dakota State's Tyler Jones for the 184-pound crown for the second straight year and for the second straight year, Wright prevailed in a close decision. This year's victory came courtesy of a 3-2 count on the heels of last year's 5-3 win.

Nebraska-Omaha's Chad Wallace capped a personal odyssey with a 10-3 romp over Brian Kraemer of North Dakota State at 197 pounds.

Wallace, a senior, picked up his fourth All-American plaque and his first championship after finishing fourth as a freshman and sophomore and taking runnerup honors a year ago.

Nebraska-Omaha freshman Les Sigman closed out the night with a 6-0 whitewashing of St. Cloud State's Dustin Darveaux.

**ARE YOU MAKING YOUR WRESTLERS SICK?**

**Before saniVex**

**After saniVex**

**YOU NEED SANIVEX SAFE!**

**"THE BOTTOM LINE IS THAT SANIVEX WORKS"**

**- JOHN SMITH**  
Oklahoma State University Wrestling Coach  
Two Time Olympic Wrestling Gold Medalist

"Keeping wrestlers on the mat is a huge concern. I don't want a ringworm or staph infection to disqualify one of my wrestlers ever! After years of spending lots of money trying just about everything on the market, I've finally found a disinfecting solution that really works. I am seeing the results and you can too! Since I started using saniVex SAFE™ with its unique "spray and walk away" formula on wrestling mats and in all our locker rooms, saunas, showers and throughout our athletic facilities, I haven't had a single case of bacteria infection with any of my OSU wrestlers. It is now the disinfection standard of care for the OSU program. Use saniVex SAFE and see the results for yourself."
