

2004 Virginia Duals

By Skip Parker

The 24th Virginia Duals was packed with action and quality competition. Top high school teams and top college teams competed in 5 separate dual-team tournaments. The two with the highest visibility are the National Division for both college and high school. Both of these tournaments had top teams from their

states, some of which are top teams nationally. Finishing in the top 4 in each of these tournaments is quite an accomplishment. The competition was fierce as attested by the fact that only 2 of the top seeds in these 5 tournaments actually won the title. All 5 were in the championship semifinals, 4 were in the finals. It was good to see a lot of the young men on the college teams contin-

ue their competition in this event from their high school days. Since this tournament has 5 separate tournaments, this article will be set up like that, so the readers can go directly to the tournament that is of interest to them. It has to be noted that the Peninsula Wrestling Association sponsors and hosts this tournament every year. It is the premiere duals wrestling tournament
