

You are invited to participate in the 29th Annual NHSCA High School Nationals, the nation's premier wrestling event. The top wrestlers from across the country will compete to be **officially** declared a **High School All-American**. The top 8 place finishers will receive an All-American certificate, an individual award, and will be featured in the National High School Sports Digital Hall of Fame.

We are anticipating another record- setting event. Last year this was the largest wrestling tournament in the country featuring **4,013 Athletes** representing **48 states**, including **925 State Champions**, and **1,836 State Place Winners**.

More than **200 college coaches** from around the country will in attendance to witness the "NCAA's of High School Wrestling" and recruit future members of their team. Many of these coaches will be showcased by offering free clinics in the NHSCA Fan Festival. Past clinicians include Cael Sanderson, Kevin Dresser, Pat Santoro, Brian Smith, Gene Mills and many Olympic and World Team members.

Over 75% of 2017 NCAA All-Americans competed at this event during their high school career.

There are NO ENTRY REQUIREMENTS!
