## Grand View, King repeat; St. Cloud State, Augsburg regain top spots, while Southern Oregon and Bellarmine win for first time at USMC/NWCA Multi-Division National Duals

**Louisville, Kentucky** -- What started as 95 teams battling for dual meet supremacy ended with six divisional champions at the Kentucky Exposition Center in Louisville, Kentucky on Saturday.

St. Cloud State, Wartburg, Grand View, Bellarmine, King and Southern Oregon took home top honors in each of the six collegiate divisions that came to a close at the 2023 U.S. Marine Corps NWCA Multi-Division National Dual Meet Championships presented by ARMS Software, Defense Soap, and Capital Construction hosted by NUWAY Combat.

A full recap will be posted on Monday.

Briefly:

St. Cloud State avenged last year's loss to Central Oklahoma in the finals and claimed its seventh National Duals championship, topping the Bronchos 19-16 to claim the Division II title.

Augsburg returned to the top of the Division III team podium as the Auggies knocked off fourth-seeded Johnson & Wales to win the school's eighth National Duals championship.

Grand View ran its National Duals win streak in the NAIA Division to 11 in a row as the Vikings defeated Life University for the fourth straight year in the finals. With the win, Grand View extended its NAIA dual meet win streak to 149 in a row.

Bellarmine, competing with the NCWA during its transitional phase from NCAA Division II to NCAA Division I, claimed the NCWA title with a victory over Liberty. It's the first time since 2008 the NCWA has competed at the Multi-Division National Dual Meet Championships.

On the women's side, King University repeated as NCAA women's champions with a tight victory over North Central. The championship was King's sixth overall and second straight in the NCAA division.

Southern Oregon claimed top honors in the NAIA women's division with a close win over Grand View. It's Southern Oregon's first title on the women's side and the school's second-ever. The men won the NAIA men's division back in 2009.
